

Company Overview

Projex Consult provides construction scheduling and cost management services for government and private sector clients. We help projects stay on time and on budget through expert planning, forecasting, and risk control.

Core Competencies

- Primavera P6 and Microsoft Project scheduling
- Construction cost control and forecasting
- Schedule risk assessments and Monte Carlo simulations
- Forensic delay and cost impact analysis
- Earned Value Management (EVM) implementation
- Budget variance tracking and reporting
- Recovery strategies for schedule and cost overruns

Differentiators

We bring over a decade of experience, certified expertise, and advanced methods like CPM, EVM, and Monte Carlo simulation. Our firm has delivered results for agencies, contractors, and Fortune 500 clients.

Experience

Silicon Valley Clean Water (SVCW) – 2019–2024

Cost & schedule control for \$850M infrastructure program. Delivered risk analysis, EVM, and ongoing budget forecasting.

Arizona Department of Transportation (ADOT) – 2020–2023

Reconstruction support for I-10 corridor. Conducted schedule baselines, delay analyses, and budget alignment services.

San Francisco International Airport (SFO) – 2021–2023

Superbay Hangar renovation. Provided CPM schedule development and cost tracking to ensure regulatory compliance.
